The RI Occupational Employment Statistics survey estimates are produced by combining data collected over a three-year period. The median is the middle value of the wage distribution. If 101 wage values are reported for an occupation & are listed in ascending order, the median wage would be the 51st value on the list. There are 50 values below it & 50 values above it.

The Labor Market Information (LMI) Unit is a central state resource for the collection, analysis & dissemination of information pertaining to the Rhode Island labor market.

For more information on occupational wage rates visit:
<http://www.dlt.ri.gov/lmi/oes>
 or phone: 401-462-8750.
