There’s a new law on the books. It ensures that most employees who work in Rhode Island have a legal right to earn sick and safe leave so they can take time from work to care for themselves, their family and their household. For many workers, that time is paid. Do you qualify for RI’s Healthy and Safe Families and Workplaces Act? If you work in RI, you could be eligible even if your employer is out of state.

**Answer the questions below to see how this act could affect you.**
