By the statutes listed above, the increases to these employees shall be by an amount equal to the total percentage increase in the annual Consumer Price Index, United States city average for urban wage earners and clerical workers, as formulated and computed by the Bureau of Labor Statistics of the United States Department of Labor for the period of March 1 to February 28 each year.

**THE COST OF LIVING INCREASE EFFECTIVE MAY 10, 2001 IS 3.5 %.**

Effective May 10, 2001, weekly benefits paid to these employees should be increased 3.5%. By statute, increases shall be paid by insurers and employers without further order of the court. Late payment of the increase may result in the assessment of a 20% penalty on the unpaid amount.

Questions regarding this increase may be addressed to an Education Unit Representative of the Department of Labor and Training at (401) 462-8125.
